# How to use this pack

**01** This is a sample

The full Weekly Budget Planner adds a month calendar, four weekly sheets, bills and sinking funds, savings and debt, and a monthly review.

**02** Use it properly

You can fill this sample in. If it suits you, the full pack is on the Everyday Desk shop.

**03** Same licence as the full pack

Personal use, your household, no resale of the file.

**04** Currency is yours

Write the amounts in the currency you actually use.

## Printing

Designed on A4. To print on US Letter, choose ‘Fit to page’ or ‘Shrink to printable area’ in your printer dialog. Black and white is fine; the pages do not rely on colour. A slightly heavier paper (100–120 gsm) is nicer to write on.

## Licence

You may print this file as often as you like for yourself and for people in your own household. You may fill it in on a tablet. You may not share the PDF, upload it to a shared drive for a group, sell it, give it away as a bonus in a paid product, or use the layouts in something you sell. The words, tables and page designs are original work of Everyday Desk.
